

Dear colleague,

This is the third announcement of the meeting **2022 Combinatorics, Computing, Group Theory and Applications in South Florida (CCGTA in South FLA)** that will be held at Wyndham Deerfield Beach Resort in Deerfield beach, 5 mi away from Florida Atlantic University, 45 mi away from Miami International Airport (South Florida, USA), **from August 14 (arrival day) till August 21 (departure day), 2022**. Please see the preliminary schedule at our webpage: <https://sites.google.com/view/ccgtainsouthfla/home>

The conference will be held in person. A few spots are reserved for people who expressed interest in attending but cannot participate in person.

If you are interested in attending the conference, you should fill in the registration form and pay the registration fee. **The deadline for early registration is June 1**. Please, visit the conference page for more information.

Since South Florida is an attractive vacation destination, we highly recommend that you reserve your room at the venue hotel as soon as possible. A restricted number of rooms are offered to us at the announced reduced prices. **The deadline for booking at these reduced prices is July 10**. You can check for other hotel deals, of course, but then you would probably need to rent a car and pay parking.

Deerfield beach is a very popular place. There are a few restaurants, and shops at a walking distance around.

The conference has the following specific features:

- A Young Researchers' presentation day
- A Women in Science Day
- A visit to the largest Puzzle Museum
- A Survival party if you stay on August 21.

A few rooms will be available at the same rates a day before, and a day after the conference.

We very much hope that you will be able to come.

Yours sincerely,

Daniela Nikolova: [dpopova@fau.edu](mailto:dpopova@fau.edu)
