- Most undergraduate math courses

Make your appointment today!

- Check TutorTrac (many appointments are listed here)
- email bferoz@fau.edu or see the Associate Director in GS211E (for appointments not listed in TutorTrac)

Small-Group Tutoring Policy

Students can request small group tutoring appointments by emailing bferoz@fau.edu. Each session will be one hour in length.

1. Upon completion of an appointment, you may schedule another appointment. Appointments are first come, first serve.

2. You must request an appointment AT LEAST three days in advance.

3. Cancellation Policy: If you cannot make a scheduled appointment, please cancel by emailing bferoz@fau.edu no less than 4 hours prior to your appointment.

4. No-Show Policy: Missing an appointment without canceling is called a no-show. No-shows impact the tutors who anticipate your appointment as well as a student who could have been scheduled in the spot you missed. If, in one semester, you accumulate THREE no-shows, your ability to schedule small-group tutoring appointments will be suspended for the remainder of the term. If your privileges are suspended, you may continue to utilize the Math Learning Center, but on a walk-in basis only.
